> III. In order to secure as nearly as possible a full expression of the voice of the people, the election will be held at each precinct of every county of the State of Mississippi, and—as required by law—under the super-vision of the County Boards of Registration. The method of conducting the election in each county will be as follows: At the meeting provided for in the foregoing paragraph each Board of Registrars will divide the whole number of election precincts of their respective counties into three portions as nearly equal in number as possible, and assign one of the shares thus made to each registrar, who will be responsible for the proper conduct of the election therein.— Thereupon each registrar will appoint a judge and clerk of election, who, with himself, will constitute the "Commissioners of election," for all the precincts of his district. Each registrar will provide himself with a ballot-box, with lock and key, and of suf-ficient size to contain the ballots of all the registered voters in his entire share of the county. Each registrar will give full and timely notice throughout his district, of the day of election in each precinct, by means of handbills furnished for that purpose, so that he, with his judge and clerk, can proceed from precinct to precinct of his district, and hold election on consecutive days-when the distance between precincts will permitwith a view to the early completion of the voting. The election will be by ballot, and will be conducted in all details not herein prescribed, according to the custom heretofore in use in the State. Each ballot will have written or printed upon it: "For Constitution," or "Against Constitution," and the names of the officers voted for. The Commissioners of election will at any pre einct in their share of the county, receive the votes of persons registered in that share .-Each voter, in offering his ballot, must exhibit his certificate of registry, across the face of which the clerk of election will write his name in red ink, and the word "Voted." with date, thus cancelling the certificate and indicating that a vote has been cast upon that certificate at this election; at the same time the registrar will check off the voter's name on the precinct book, serving as "poll book." The polls will be opened at 8 o'clock, A. M., at each precinct, and will be kept continuously open until 7 P. M., at which time the polls will be closed. Before opening the polls the ballot-boxes will be opened, inspected by the Commissioners of Election, to ascertain that they then contain no ballots, and in this condition will be exposed to the view of the persons who may be in attendance. Then in public they will be closed, locked and the locks sealed. The ballot-boxes will not be unlocked or opened until the election in the entire county is ended. Each day at the close of the election the opening in the boxes through which the ballots are deposited, will be closed by a
